What is
TAGGING?

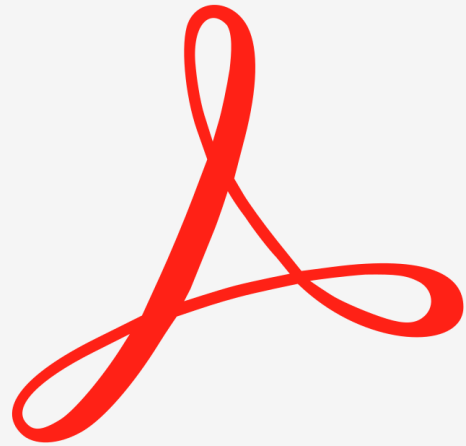

**It's the source file that
MATTERS**

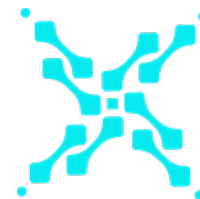

**You CONVERT, not
PRINT**

PDF

The 10 Rules

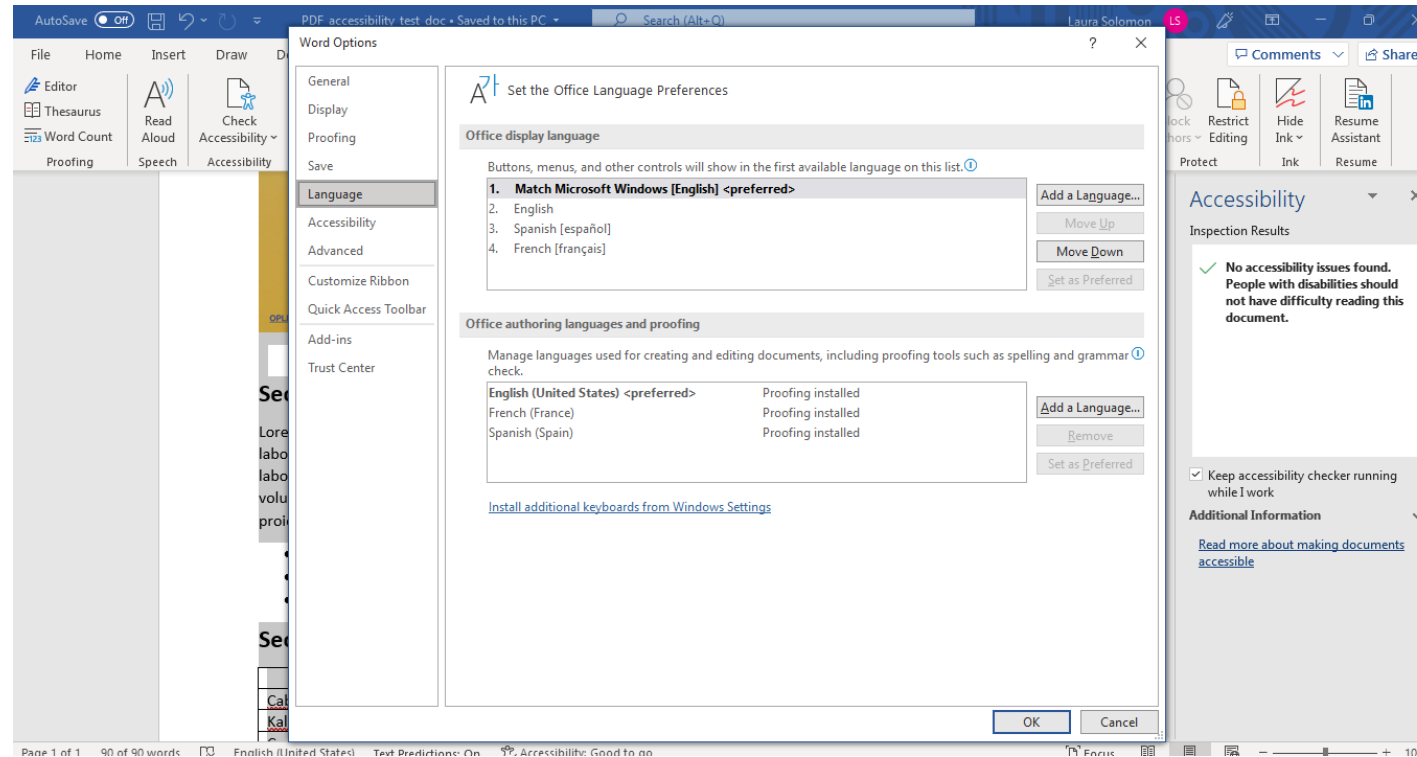

**WHAT DOES THIS
MEAN TO ME,
LAURA?**

<https://www.w3.org/TR/WCAG20-TECHS/pdf>

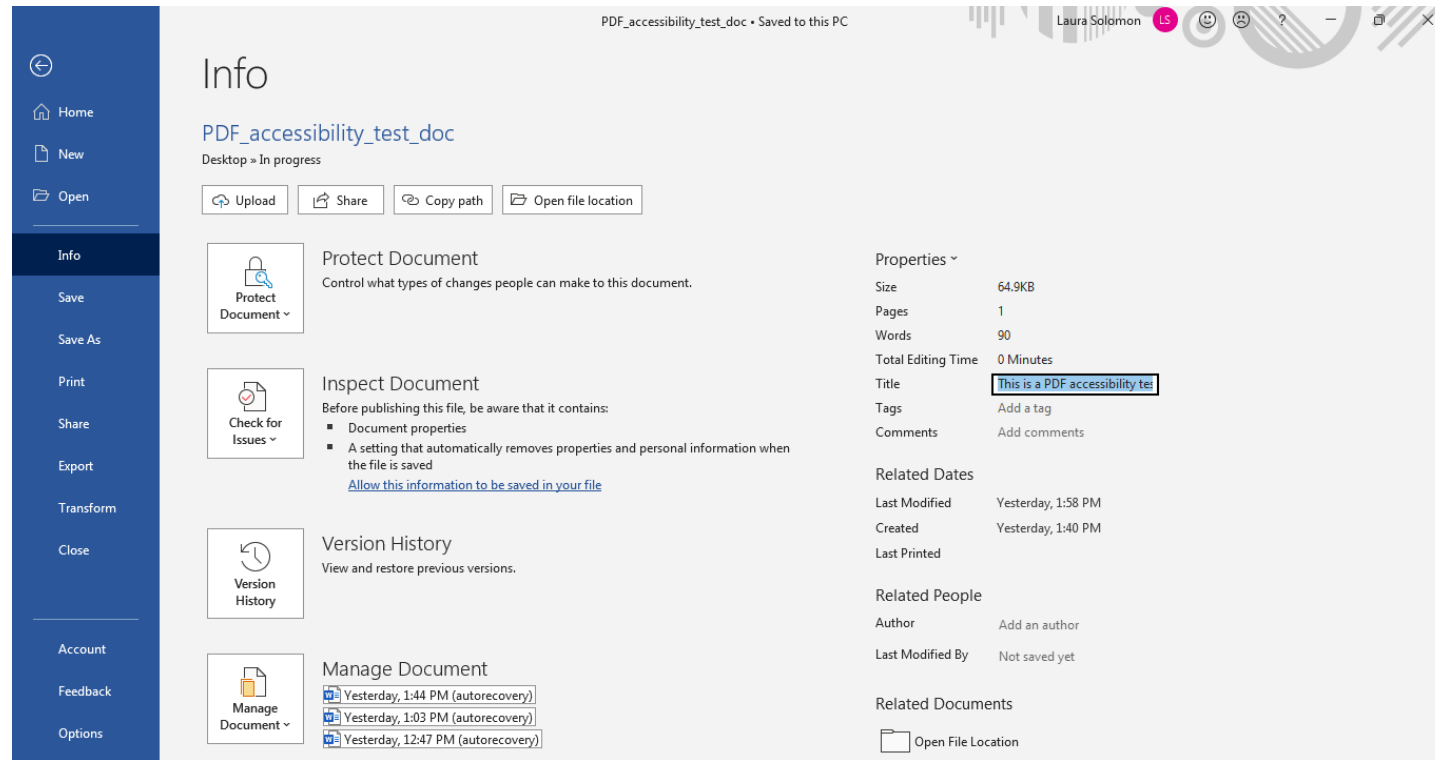

1. Declare the document's language

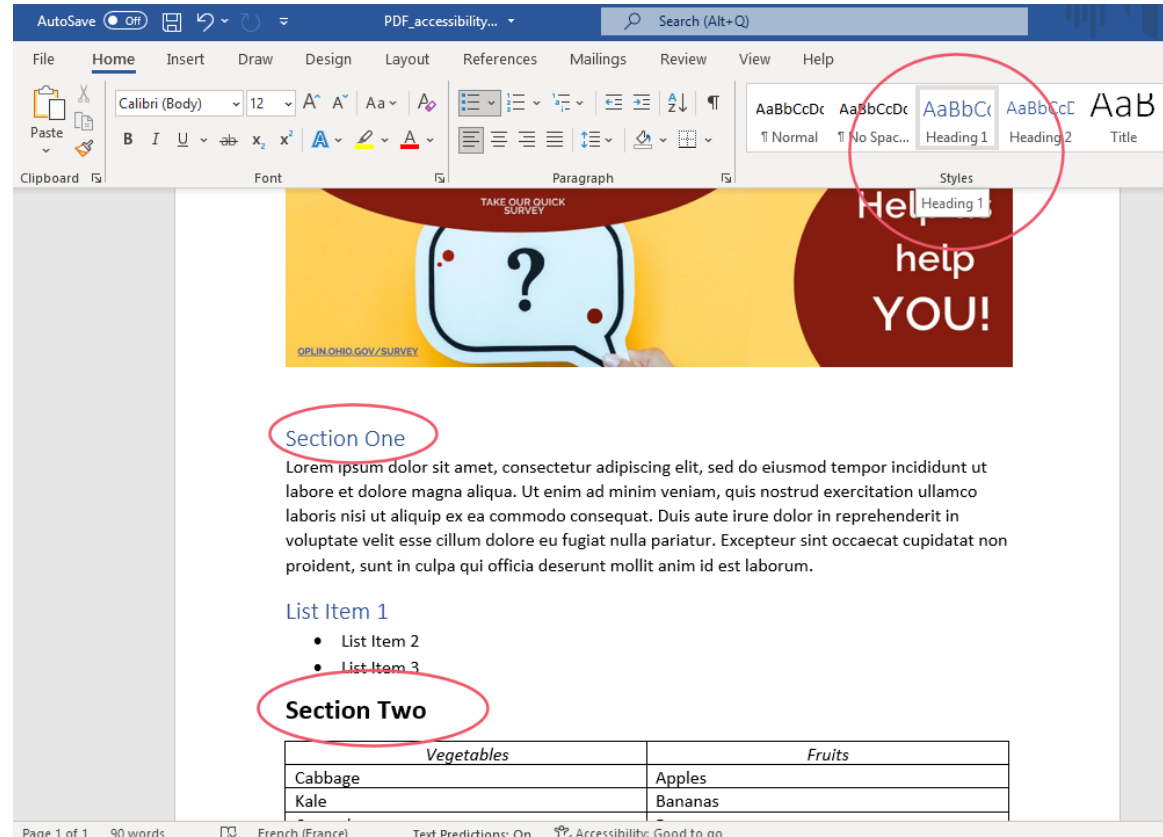

<https://it.umn.edu/services-technologies/how-tos/microsoft-word-set-document-language>

2. Include a title for your document

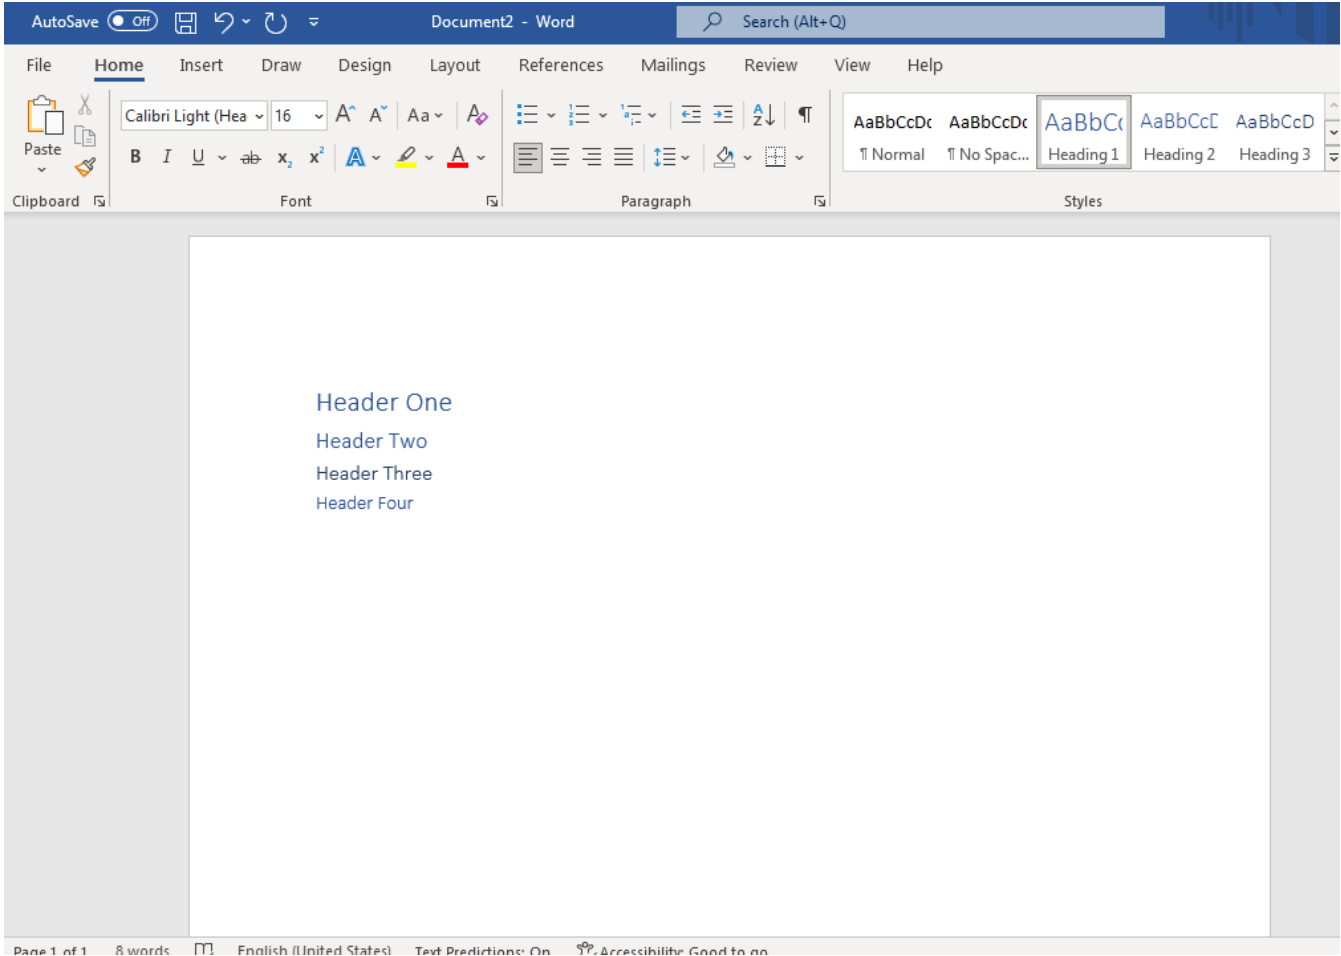

<https://learntech.engr.tamu.edu/faculty-tutorials/accessibility/accessibility-series/add-document-title-into-word-document-or-pdf>

3. Use header styles instead of manually bolding a header or changing its font size

<https://support.microsoft.com/en-us/office/video-improve-accessibility-with-heading-styles-68f1eef-6113-410f-8313-b5d382cc3be1>

4. Ensure that said headers are orderly

5. Include a brief description of your images via alternative text

The Word Accessibility Checker

The screenshot shows the Microsoft Word interface with the 'Review' tab selected. The 'Check Accessibility' button in the ribbon is highlighted, and its dropdown menu is open, showing options: 'Check Accessibility', 'Alt Text', '<< Navigation Pane', 'Focus', and 'Options: Accessibility'. The document content includes a survey banner with the text 'What's that called again?' and 'Help us help YOU!' and a section of placeholder text starting with 'Section One' and 'Lorem ipsum dolor sit amet...'. The status bar at the bottom indicates 'Page 1 of 1', '90 words', 'English (United States)', 'Text Predictions: On', and 'Accessibility: Investigate'.

Keep accessibility checker running while I work

Additional Information

Why Fix?

There is alternative text in your document that was automatically generated by an intelligent service. Review each suggestion carefully to make sure it accurately describes your picture. If you want to change the suggestion, just type over it.

7. Resist the urge to use tables to manage your content layout

NO

Here is some text

Here is some more text.

Here is yet more text.

YES

Vegetables	Fruits
Cabbage	Apples
Kale	Bananas
Cucumbers	Pears

8. Declare header row in any data tables you create

The screenshot shows the Microsoft Word interface with the **Table Design** ribbon active. The **Header Row** checkbox is checked. The document content includes a paragraph of Lorem Ipsum, a bulleted list, and a table with two columns: **Vegetables** and **Fruits**. The table data is as follows:

Vegetables	Fruits
Cabbage	Apples
Kale	Bananas
Cucumbers	Pears

The Accessibility pane on the right shows an error: **No header row**. The recommended action is **Use first row as header**. Below the table, the text "This text is too light." is shown with a blue arrow pointing to the right.

9. Ensure that links have a clear purpose

~~Click here for more
bestsellers~~

More bestsellers

10. Remember not to leave inline bookmarks hanging without its partner link

The screenshot shows the Microsoft Word interface with the 'Insert Hyperlink' dialog box open. The dialog box has 'Text to display' set to 'A link to Section One'. Under 'Select a place in this document', the 'Bookmarks' folder is expanded, showing 'Section One' and 'SectionOne'. The 'Existing File or Web Page' option is selected. The background document shows a table with headers 'Cabbage', 'Kale', and 'Cucumbers'. Below the table, the text 'This text is too light' is highlighted in blue. At the bottom of the page, the text 'A link to Section One' is visible. On the right side, the 'Accessibility' pane is open, showing 'Inspection Results' with an error: 'Missing alternative text (1)' for a table, and a warning: 'Hard-to-read text contrast' for the text 'This text is too light'.

Additional Information

Why Fix?

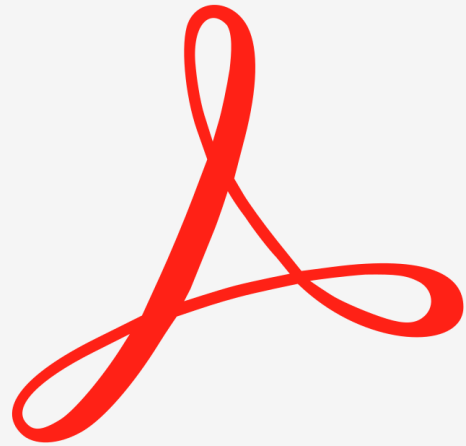

A table header row contains column headings that provide context and aid navigation of the table. People who can't see the table can have column headings read aloud.

Steps To Fix:

To set a header row:

Test and TOUCH UP

What AT sees is
not what YOU see

In 4 steps to a barrier-free PDF

With PAVE you make your PDF documents barrier-free so that they can be correctly interpreted by common reading programs. The visual representation of your PDF remains unchanged. The [ICT Accessibility Lab of the ZHAW School of Engineering](#) developed PAVE and is making it available free of charge for personal use. Try it! If you want to make large amounts of PDFs accessible, please use [contact us](#).

1. Upload your PDF document to PAVE.

Warning: The maximum permitted file size is **5 megabytes**.

2. PAVE directly carries out the corrections that can be carried out automatically.

3. Simply carry out the remaining correction suggestions in PAVE yourself.

4. Download the now accessible PDF document. The PDF document remains stored on the PAVE server for a maximum of 3 weeks if you do not delete it manually beforehand.

[Start PAVE](#)

PAVE was on [ICT Accessibility Lab](#) [Zurich University of Applied Sciences \(ZHAW\)](#) developed in cooperation with the [Swiss Association of the Blind and Visually Impaired](#).

PAVE wins 1st prize in an international competition

The International Conference on Computers as an Aid to People with Special Needs ICCHP ([International Conference on Computers Helping People with Special Needs](#)) recognizes software projects that serve people with disabilities. At this year's final round in Paris, the team from the ICT Accessibility Labs was able to convince the international jury of their groundbreaking

<https://pave-pdf.org/index.html>

Automatic Correction

PAVE was already able to automatically correct 18 issues.

Title missing

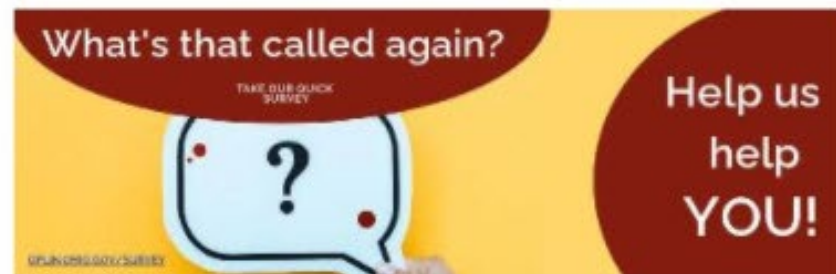

The document's properties contain information such as the document's title and language. Some of these are mandatory. To fix these issues, correct the fields in the document properties.

EDIT PROPERTIES

Figure has no alternative text

To allow screenreaders to correctly read the document, not only do all elements (texts, images, etc.) have to be tagged correctly. They also have to be ordered in the correct reading order.

Individual issues for each page are listed in the tab ISSUE DETAILS

PDF

The takeaways

**WHAT DOES THIS
MEAN TO ME,
LAURA?**

Build BETTER

A circular inset image shows a close-up of a sprinter's lower body and hands in starting blocks on a red track. The sprinter is wearing black shorts and shoes with bright green and purple accents. The image is partially overlaid by a purple-to-orange gradient circle.

Easiest way
to reach
the goal

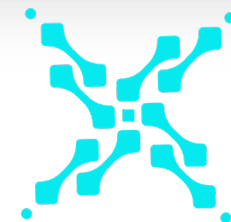

Shift away from PDFs

“The one argument for accessibility that doesn’t get made nearly often enough is how extraordinarily better it makes some people’s lives. How many opportunities do we have to dramatically improve people’s lives just by doing our job a little better?”—Steven Krug
